## TRIO CHARGED IN CRIME SPREE OVER HOLIDAYS

Solution of a crime wave in the East Berlin area, plus other cases elsewhere involving stolen vehicles and malicious mischief, was reported today by East Berlin-Abbottstown Chief of Police John Bechtel and state police.

Charges of car theft and burglary are to be brought, Chief Bechtel said, against two brothers, William Hamilton, 20, and Robert C. Hamilton, 18, both of Spring Grove R. 1, and a juvenile companion, in connection with a series of car thefts and burglary of a clothing store in the East Berlin-Abbottstown area.

The Hamilton brothers were reported in the York County jail facing a series of York County charges, resulting from theft of a number of cars and other crimes, according to Chief Bechtel and State Policeman Charles Todd.

### ON "CRIME SPREE"

Police said the Hamiltons and their companions were on a "crime spree" for several weeks over the Christmas and New Year holidays which involved burglary and much malicious mischief to vehicles they had stolen.

Chief Bechtel said the Hamiltons and the juvenile are responsible for the following incidents in the East Berlin-Abbottstown area:

December 16, according to Chief Bechtel, the three took a 1950 Chevrolet sedan owned by the East Berlin Elementary School and drove it to the Kaiser farm two miles from East Berlin where they abandoned it. En route, according to the chief, the trio "went from pole to pole" crashing the vehicle against the poles until it was completely demolished. Its value was listed as \$100.

December 17, the trio took a 1956 Ford owned by Jean and Earl Reese, East Berlin, and drove it to the farm of Philip Stambaugh near Spring Grove. There, according to the officer, the trio drove the car around in snow until its transmission gave.

## AREA GROWERS DISCUSS SALES OF FRESH FRUIT

Two Biglerville roadside market operators stressed careful selection of market locations and the sale of produce with a "natural farm-fresh appearance" at farm-er-owned and operated roadside retail markets at the annual midwinter meeting of the Pennsylvania Vegetable Growers Association today at Harrisburg.

As part of a panel discussion at the Pennsylvania Farm Show, Ralph S. Sandoe said the key to merchandising farm produce at roadside stands is "quality products presented to the public in the simplest possible way at the least possible cost."

In like regard for the consumer's pocketbook, he said prepackaging often need not be an essential factor, but rather top quality as reflected in fresh appearance, uniform size, and freedom from blemishes.

Emory Raffensperger Jr. told the growers the best locations for roadside stands are along well-traveled main highways, and preferably near a summer resort or suburban development. Consideration should be given also, he added, to crops grown in the area, and competition. With these factors in mind, Raffensperger said he chose a location for his own.

## Unpredictable 88th Congress Swings Into Action Today

By JACK BELL  
WASHINGTON (AP)—The unpredictable 88th Congress swung into action today.

Families, friends and the merely curious packed the galleries of both branches to watch the colorful ceremonies of swearing in new and re-elected members.

But in the offing—for a likely mid-afternoon decision—was a grim political battle to determine whether the House will set up its Rules Committee in such size and complexion that it will not bottle up President Kennedy's major legislative proposals.

### EARLY ASSURANCES

Kennedy got earlier assurances at a White House meeting of Democratic leaders that this will be done. He also got their promise they will make every effort to put through a constructive program.

The President will outline his requests in a personally delivered message on the State-of-the-Union Monday.

## OWED \$6,670 AND IS JAILED FOR CONTEMPT

William J. Gillan, Baltimore, former Chambersburg mortician, was sentenced to 90 days in the county jail Tuesday afternoon for contempt of court.

Gillan came into court to have the \$25 a week support order against him reduced. The court did reduce the support order to \$15 per week, but at the same time found Gillan guilty of contempt because he is \$6,670 in arrears on the order.

The former Chambersburg area man is now employed at Baltimore, he said, earning \$82 per week take home pay with a large funeral director employing 40 persons. Gillan said he is in charge of flowers because he is not licensed as a mortician in Maryland, only in Pennsylvania. He said he plans to take the Maryland tests for mortician as soon as he can secure the \$50 fee.

### BOUGHT NEW CAR

He told the court he is paying \$95 a month on a new car which he purchased. When Gillan was removed to the county jail by the sheriff his Maryland attorney was given the keys to the auto.

The court, in imposing the 90-day sentence, said Gillan would be eligible for parole in 30 days.

Probation Officer D. M. Anderson said that the county had been an unusually long time in bringing Gillan in to report on his arrears because county officials had understood Gillan was in the Philadelphia area and had concentrated their search for him there.

The court Tuesday approved the incorporation of Battlefield Riders Motorcycle Club as a non-profit corporation. The club, according to its petition filed by Attorney Walter H. Katherman Jr., Littlestown, has among its objects increase in interest in motorcycle riding, adoption of and enforcement of rules, government of tournaments and acquiring of a clubhouse.

Incorporators were listed as Harold Leatherman, Gettysburg R. 2; Robert Paugh Jr., Ardenstville; Mary Lou Huffaker, Gettysburg R. 2; Dorothy J. and Bernard W. Toomey, Gettysburg R. 4.

## 'WHITE SQUAW' STORY RETOLD BY MACPHAIL

The story of Mary Jemison, the "white squaw" honored in Buchanan Valley and in New York, was reviewed Tuesday evening to the Adams County Historical Society at its meeting in the seminary Old Dorm.

Attorney John A. MacPhail told of the Jemison family moving to Buchanan Valley and of the French and Indian War raids which included a raid by Indians into what is now Adams County and the capture of Mary Jemison and her family.

While others were cruelly treated or killed Mary Jemison was adopted by the tribe and married an Indian brave. After his death she married another Indian, and during her years with the Indians became a leader among them, working toward friendship between Indian and white. She was taken by the Indians to New York state from here.

Dr. Charles Glatfelter presided. A number of accessions were reported including several old Gettysburg College Spectrums given by George Olinger; a number of articles presented by Arthur Weaner including cancelled checks for the period 1864-65 signed by David Kendlehart, David Wills and David McConaughy; Mrs. Emma Sheffer presented Gettysburg College monthly bulletins for 1893; two scrapbooks kept by Maurice Stansbury were presented by Miss Louise Ramey.

Mrs. Elizabeth Karschner, 47, Abbottstown, was admitted as a patient at the Warner Hospital this morning after being injured when her car collided with a Lower Adams District school bus a mile east of New Oxford on the Lincoln Highway at 8:10 this morning.

State police said Mrs. Karschner was driving west and was seeking to pass the school bus when the driver of the bus, John Deatrick, 59, Hampton, sought to make a left turn into the driveway at the Bar 30 to pick up additional children enroute to school. There were 43 children on the bus when the collision occurred.

## Tshombe Threatens Scorched Earth Policy If Attacked

By JOHN LATZ

ELISABETHVILLE, Katanga, the Congo (AP)—President Moise Tshombe declared today he intends to fight back with a scorched earth policy if the United Nations attacks Kolwezi, the war headquarters he quit only Tuesday to return to Elisabethville.

Katangans have every major industrial installation mined and ready for demolition, Tshombe told a news conference a few hours after the British government made public in London a statement from him indicating he would give up the fight for a free Katanga.

The mercenary secessionist leader broached again at the news conference the possibility of negotiations, on which he had been snubbed by the United Nations.

"On the matter of liberty of movement of the United Nations—that's one of the subjects we

## Get Supply Of 1-Cent Stamps

One-cent stamps, which had been unavailable at the Gettysburg post office since some time Monday when the previous supply was exhausted, went on sale again today at the local office.

Acting Postmaster Charles W. Pentz said two supplies of the one-centers, totaling 60,000, were received this morning. He said he believes that supply will be sufficient to meet local demands as a result of the postal rate boost which went into effect at the beginning of the week.

None of the prestamped five-cent envelopes have yet come in, he said.

The new five-cent American flag stamps will go on sale here Thursday. They are printed in full color, arranged horizontally in sheets of 100. They are unusual, the post office said, in that they are the first stamp ever issued to lack the designation as "U. S. Postage."

## NO PAY JUMP FOR MOST OF ADAMS STAFF

Adams County employees generally will receive no pay increase this year.

The Adams County commissioners said at their meeting this morning at the courthouse that the salary board, making the annual study of salary schedules, decided that no general increase will be made this year.

The board took action in the case of several employees who were believed to be below others in the scale of wages to bring their salaries to standard.

But unlike the last several years no "across the board" salary increases are to be given, the commissioners said.

Salaries occupied part of the attention of the commissioners this morning, however. The middle of the month is approaching for the issuance of the semi-monthly pay checks but no word has been received so far, the commissioners said, from the state concerning the amounts that are to be deducted from the pay checks for the new retirement plan for county employees which went into effect as of the beginning of the year. State law requires that county employees be members of the retirement plan and the county adopted the retirement fund set up through the state for municipal employees.

It was anticipated that the state office would have available prior to the first pay checks in January the amount that should be deducted from each employee. A check was to be made to determine whether the listing of deductions will be here in time for the checks or what should be done about the deductions.

## LIONS ATTEND PRAYER MEET IN FAIRFIELD

The Rev. Dr. Roswell W. Lyon, pastor of the Sarah Jane Johnson Memorial Methodist Church, Johnson City, N. Y., spoke at the first service of the Fairfield Community Week of Prayer last evening in Zion Lutheran Church. His theme was "A Modern Faith for Modern Man." The Fairfield Lions Club and the Lutheran Church Women of Zion Church attended as groups and the worship was led by the Rev. Otto Kroeger, of the host church.

In commenting on modern faith, Pastor Lyon said that "whether or not we admit it, we are modern people, and the glorious thing about the gospel is that it is always modern and ahead of the age" and "speaks to the demands of people of any age." He pointed out that "many things seem to change on the surface" but the basic reason for their existence is changeless. "Our living is characterized by rapidly expanding horizons and automation which place the people of our time under a great psychological and physical strain."

He suggested qualities for existence — intelligence, moral fiber, the ability to get along with others, and faith. He said, "Our faith must be in the integrity of God for this is the only insurance against utter panic. We must remember that God is a God Who cares and a God Who keeps us, and we know this by our faith." According to the speaker, this God is a God of "unlimited time," "unlimited energy" and "unlimited love." He concluded by saying that "the ancient ways of God are the only sure way for modern man in his confused world, because of God's invariable nature."

The services continue in Zion Church this evening at 7:30 with the Rev. Gerhard Klaassen, pastor of the Fairfield Mennonite Church, as liturgist and Grace Baptist Church providing special music. Dr. Lyon will speak on "The Christ Who Redeems Us." The public is invited.

### RE-ELECT MANSFIELD

Senate Democrats, at a press conference, re-elected Sen. Mike Mansfield of Montana as their floor leader, and Sen. Hubert H. Humphrey of Minnesota as assistant leader or party whip. They also re-elected Sen. George A. Smathers of Florida as secretary of the Senate Democratic conference. Southern Senators, at a meeting Tuesday, had unanimously requested Smathers to reconsider his announced intention to quit that post.

Sen. Richard B. Russell, D-Ga., had said he understood Smathers felt he should resign because of criticism that he did not vote with the administration enough.

### MCCORMACK THERE

Among the House visitors was Edward McCormack, nephew of the speaker, who lost a bid for the U.S. Senate to President Kennedy's brother, Edward, in last fall's Massachusetts primary.

There was a festive air through out the Capitol and the adjoining office buildings as the opening hour approached. Visitors crowded the corridors and many of the new members held open house, complete with coffee and doughnuts, or stronger beverages.

As an opponent to Rep. McCormack for the speakership, the Republicans put forward their party leader, Rep. Charles A. Halleck of Indiana.

But, since speakership elections always go on party lines, it was just a gesture. The House lineup in the new Congress is 258 Democrats, 176 Republicans and one vacancy.

## PASTOR HITS GOSSIP EVIL

"Prayer and Spiritual Renewal" was the theme of the third in the series of Week of Prayer services held Tuesday evening in the Methodist Church. The Rev. Donald H. Treese, pastor, presided and opened the service by leading in unison Prayer of Confession. He read Psalm 51 for the evening scripture. Harold L. Ecker presided at the organ and accompanied the church choir which sang the anthem, "The Power of Prayer" by Norman Bell, conducted by George T. Heffran, choirmaster.

The sermon was given by the Rev. Harold Westover, the newly instituted rector of Prince of Peace Episcopal Church. He opened his discourse by talking about the slander and gossip that circulate continually, especially in a small community. He quoted the Biblical story of King David coveting Bathsheba, the wife of Uriah, and the scandal that resulted therefrom. He said: "We are all guilty of this sin of gossip and need to pray to God to create in us new hearts, a spiritual renewal. All of us are afflicted with evil hearts and evil spirits and without divine help we are doomed to failure. God will forgive all sin but the sin of refusing to receive the Holy Spirit. He will not compel us to accept His forgiveness but we should go to Him regularly for the spiritual renewal without which we cannot live."

Approximately 125 attended the service. This evening the service will be held at Christ Lutheran Church with the Rev. Robert Macspeaking on "Prayer and Diversity."

## YORK LIBRARY TRIES TO WORK WITH SCHOOLS

YORK, Pa. (AP)—This southern Pennsylvania city opened a new chapter Tuesday on its problem of keeping school boys and girls poring over books, instead of each other, in the town library.

The York library board scheduled an attempt Thursday afternoon to set up liaison with area school officials. The aim is to break up the scholastic socializing that led to these developments:

—A ban by city librarian Miss Katherine Shorey against junior and senior high school students staying in the library, though they may borrow books.

### SOME ROWDYISM

—Picketing by the students.

—A threat by the Commonwealth to cut off some \$72,000 in state aid unless a solution is worked out.

Miss Shorey contended that the library rivalled regional soda shops as an after-school spot for teen-age socializing—much of it in the somewhat dark basement area where the old magazines are kept.

Also, she said, some of the youngsters were rowdy.

### LITTLE REACTION

“We could not function efficiently any longer,” she declared.

Library employees complained and threatened to quit.

Community reaction to the library ban has been virtually nil. Miss Shorey reported. So far, she said, she has received not a letter on the matter. Her telephone calls have all been from reporters, she added.

Meanwhile, city and school officials bounced back and forth the question of controlling the youngsters. School officials claimed they lacked jurisdiction. City police said they didn't have enough personnel to man the library in addition to their other duties.

## CONFLICTING TESTIMONY ON MINE DISASTER

CARMICHAELS, Pa. (AP)—Conflicting testimony concerning the presence of proper safety conditions and the presence of methane gas stood out today as a highlight of a public hearing into a coal mine explosion which killed 37 miners.

The hearing into the blast at U.S. Steel Corp.'s nearby Robena No. 3 mine last Dec. 6 was recessed until Friday following Tuesday's testimony.

Seven maintenance men testified at the fifth day of the hearing Tuesday that everything was all right while they were working in the mine before the shift during which the explosion occurred.

### STATEMENTS CLASH

Williams Epps, a shuttle-car operator, also testified that proper safety conditions were in effect when he reported to work the evening of Dec. 5. The mine roadway was damp and the walls and roof were rock-dusted, he said.

This testimony clashed with that of Joseph Baron, a shuttle-car operator who worked in the section where the blast occurred. He said Monday safety conditions such as rock-dusting and sprinkling were neglected except when inspections were due and that safety check-ups were “nothing but a big joke.”

The seven maintenance men also testified they had not heard any reports of methane gas being in the mine. However, Epps corroborated previous testimony that gas had been discovered in the mine the evening before the blast.

### GAS REPORTS DIFFER

In other testimony Tuesday, George Parish, assistant foreman of an incoming maintenance crew, said that another assistant foreman, Albert H. Dillow, told him before leaving that everything was okay except for one shuttle-buggy tagged for repair.

Parish said he inspected the 8-left section for two hours, 10 minutes, checking the entries and air-deflecting stoppings.

A miner had told investigators earlier that Dillow knew there was gas in the mine and Baron had testified Dillow told him “... the air was a sluggish and to correct it.” But Dillow testified he found no gas and did not recall any report of gas.

The hearing at nearby Garards Fort was recessed by Lewis Evans, outgoing state secretary of mines who said he had to return to Harrisburg to clear up business.

### "TWO-WAY STREET"

True love is a two-way street ... it's give as well as take ... the key to love is living ... for someone else's sake ... those who have found a sweetheart ... to always have and hold ... possess a priceless treasure ... beyond the reach of gold ... when people travel double ... the way is smoother too ... because if one should falter ... the other sees him through ... hand in hand lovers stand ... in stormiest of weather ... faith and hope is stronger ... when hearts beat together ... yes, true love is a wondrous thing ... it makes this life complete ... that is if people realize ... it is a two-way street.

## A Lovelier You

By MARY SUE MILLER

TRAVELOGUE. For resort and cruise wear, the fashion high road leads to pale pastels—banana, foam green and blue, flesh

### HIGH ROAD

pink, whitened beige and gray, and creamy white. All shades that whisper, never shout!

Were you to build a holiday wardrobe on them, the returns could be terrific. First off, their look is appealingly feminine. Too, just by way of contrast, these pale are an ideal background for a tan. Furthermore, they complement each other.

For example, a travel coat in foam green would harmonize with dresses in any or all of the other shades. And that sort of interplay widens the score of a small wardrobe, offers the possibility of interchangeable accessories and allows for those who must travel light.

As for styling, the pacemakers follow:

- Fabrics—spongy and flat wools; cotton with both a hand-spun and a rugged look; rough-thread linens and silks; knits of every fiber and texture; sheers for evening.

- Swim suits—seal-slick, very covered-up or bare; shifty styles, covered and skirted.

- Beach covers—burnoose affairs, cowed and ankle-length; loose pullovers, dress-length.

- Pants—short shorts; slacks with eased cuts and with lines adapted from riding breeches; patio pajamas.

- Tops—shaped like sweaters and shirts, pullovers sweep the field.

- Casuals—dresses with natural, easy lines; pullover suits and separates.

- Coats—skinny to ample.

- After-darks—softly draped and airy.

### Major Slayton Is "Chief Astronaut"

WASHINGTON (AP)—The civilian space agency, which grounded Air Force Maj. Donald K. Slayton because of heart trouble, has made him its "chief astronaut," it was learned Tuesday.

A spokesman for the National Aeronautics and Space Administration told a reporter Slayton, 38, is helping nine new space pilots learn the ropes.

Slayton also hands out certain assignments to the other six members of the original Project Mercury astronauts, keeps records and handles other administrative tasks, the spokesman said.

Slayton, a rangy, athletic-looking Air Force pilot, was grounded last July because of a heart difficulty. He will be checked periodically by flight surgeons.

When a recipe calls for "a dash," add less than one-eighth teaspoon.

## SUBSIDY PLAN IS ASSAILED

PITTSBURGH (AP)—Water transportation systems are not as practical as railroads from a military standpoint and railroads should not be weakened by subsidies granted to waterway projects, says a railroad engineer.

Addressing engineering students at Carnegie Institute of Technology Tuesday night, M.A. Michel, engineering staff representative for the Pittsburgh & Lake Erie Railroad, said:

“It is patently absurd, at a time when billions are being spent for national defense, that simultaneously our nation's railroads should be weakened by enormous public subsidies being granted to the less defensible waterway projects.”

He also said if a proposed Lake Erie-Ohio River Canal were constructed “the economic loss to railroads operating in Pennsylvania and Ohio would be of such magnitude that rail service in this area would deteriorate to a point far below the defense needs of the nation.”

McCarney, pastor of St. Matthew's Lutheran Church, Hanover, officiated. Interment was in Mt. Carmel Cemetery, Littlestown. Pallbearers were six nephews: Stewart G. Izer Jr., Robert L. Izer, Sal Arduini, Earl L. Stiles, Timothy C. Stiles and John W. Bollinger. The Hanover Chapter Order of the Eastern Star, of which Mrs. Harner was a member, held rites at the funeral home on Sunday evening.

Other officers were previously elected.

## Spot Kennedy Hopeful Early

WASHINGTON (AP)—President Kennedy's shrewd political eye has lighted on one of his family as presidential timber or at least a sprig.

The evidence, on Atty. Gen. Robert F. Kennedy's office wall, is a photograph of his son David, 7, sitting beside the pool on the White House south grounds.

The picture bears this inscription: From David's uncle, the President.

“A future president inspects his property.”

Robert Kennedy said the photograph was taken last year by the First Lady.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

TWENTY-FIVE YEARS AGO

**Shields Renamed G.O.P. Head:**  
The annual organization meeting of the Adams county Republican club was conducted Saturday evening in the club rooms in the Murphy building when William I. Shields, president of the club since its re-organization several years ago, was re-elected to that office. E. H. Menges was chosen vice president; Ray J. Kitzmiller, secretary, and Shields, treasurer. Appointment of a club's vice president from various communities of the county will be made later, President Shields said. The first Saturday evening of each month was set as the regular meeting time. Harry E. Koch was named chairman of the membership committee and George Coshun of the property committee.

**Local Auto Firm Starts Delivery:**  
The Central Auto company took over the government contract of furnishing car and gasoline for parcel post delivery at the Gettysburg post office on January 1, and a new truck, painted yellow and dark brown, with black trimmings, was put into service by Joseph E. Codori, manager, with W. A. Geiselman, substitute employee at the local office, behind the steering wheel. Luther McDonnell was recently named to a full-time position at the local post office and did not again bid on the delivery truck contract. He held the contract about nine years.

**Miss Virginia Hershey, York Springs** will broadcast from a nearby radio station. Miss Hershey, who will play the violin, will be accompanied at the piano by Edwin Longenecker, Mrs. L. L. Lampert will be the narrator during the broadcast which will be the first of a series of eight weekly broadcasts.

**Council Reorganizes:** Six veteran and three new members of borough council gathered Monday evening in council chambers in the fire engine house for the bi-annual organization and, after naming Second Ward Councilman Ray M. Hoffman, retiring head of the finance committee, president by a unanimous vote, split badly over the selection of a secretary, a treasurer, and sewage disposal plant operator. The borough officials selected and the salaries voted each follow: Ray M. Hoffman, nominated by Councilman Clyde D. Berger and seconded by Frank B. Slonaker, was elected unanimously. The position pays no salary. Wilmer "Jake" Dracha, Biglerville road, defeated C. Richard Wolf, Buford avenue, by a vote of five to four for the position of secretary. Frank F. Forrest, York street, was a third applicant. The position pays \$250 a year. Ross R. Myers, secretary for 12 years, was not an applicant. Fred G. Pfeffer, Baltimore street, retired finance committee head, defeated George R. Martin, West High Street, borough treasurer for 10 years, for the office of treasurer by a vote of five to four. The position pays \$200 annually. E. V. Bulleit, College avenue, was re-elected borough solicitor by a vote of seven to two over Richard A. Brown, Esq. The solicitor receives \$300 a year. LeRoy H. Winebrenner, Baltimore street, borough engineer for 12 years, was unanimously re-elected to that position without opposition. He is paid on an hourly basis. The rate is \$1.25 per hour. J. A. Tawney, West Middle street, was re-elected street commissioner for his fifteenth consecutive year by defeating Albert Lott, the only other applicant. Tawney also was unanimously re-elected superintendent of sewers. The double position pays \$110 monthly. LeRoy Winebrenner was re-appointed assistant superintendent of sewers. Robert Shearer, East Middle St., on the second secret ballot, was re-elected sewage disposal plant operator at his present salary of \$60 a month. There were seven

## Today's Talk

**ON TEMPTATION**  
I have never quite understood that line in the Lord's Prayer which reads: "Lead us not into temptation." I don't believe God leads anyone into temptation. I believe that the translator (or maybe he was just a reporter!) meant that in case we were met by temptation — and who isn't — then we surely need God to lead us away from it. That is my interpretation anyway.

And yet, not exactly to lead us away from it, but to give us the courage to face it and to come out of it victorious!

Ever didn't have temptation ever about us, we would be a sad horde of petty skulkers, knowing not whether to go, nor what to do. Temptation teaches, informs, and re-enforces every fibre and fabric of our being.

Most of us have yielded all too many times to temptation, and we who have know all too well the fight that has to be put up against every temptation. We have come to know tolerance in a new form. Frailty of the human form looms cameo-like before our consciousness, and our understanding is quickened.

But let it not be thought that yielding to temptation builds great and enduring characters. The child who touches the hot fire never touches it again — but "the bird with a broken pinion never soared as high again!"

The battle-scarred veteran walks more slowly, and with an even tread, than the recruit. He looks back, as well as forward, upon life, whereas the recruit sees only life ahead. To have the spirit of each, however, is to mold out life.

To gloriously and happily live is to bear brunts, to take, without wincing. He wins most who has picked himself up most!

Even we tempt! This is the better way. We tempt fate, we tempt life and even death. But out of it all we expect a certain satisfying of this restless nature of ours, and a wholesome response for the responsibility taken. All pioneers are tempters, all discoverers and inventors. Where would we be were they not?

Tomorrow's subject: "Up-To-Date."

**THE COMMON HAZARDS**  
There are the common hazards which all of us must meet; The bitter cold of winter, with the driving rain and sleet.

The everlasting hunger and the oft returning thirst! These are the needs that face us — the best of us and worst.

And there is pain to suffer. Our own we may endure, But there's the pain of loved ones we lack the means to cure.

These things all men must plan for: hunger, thirst and pain, And fire against the winter and shelter from the rain.

applicants. T. Roy Enoch, West Middle street, was re-elected janitor at the engine house at his present monthly wage of \$70. All of the officers elected Monday evening were voted salaries in the same amount as those paid last year.

**Henderson Heads Doctors:** Dr. Ira M. Henderson, Fairfield, was elected president of the Adams county medical society at its January meeting. He succeeds Dr. Roy W. Gifford. Dr. Raymond F. Oyler, Biglerville, was named vice president to succeed Dr. Eugene Elgin, East Berlin, and Dr. Bruce N. Wolf was re-elected secretary-treasurer. Dr. Henry Stewart was elected to succeed Dr. B. C. Jones of Bendersville as district censor.

**Kennedy Named Ambassador:** Washington, Jan. 7 (AP)—President Roosevelt named Joseph P. Kennedy, chairman of the Federal Maritime commission, today to be ambassador to Great Britain. He will succeed the late Robert W. Bingham of Kentucky. The Kennedy appointment was announced at Mr. Roosevelt's press conference at which he also disclosed he had selected Joseph E. Davies, ambassador to Russia, to be ambassador to Belgium. Davies will succeed Hugh Gibson next spring.

**Town's Fire Loss Is Low:** Loss by fire in Gettysburg borough in 1937 amounted to only \$125. Fire Chief James A. Aumen has announced. The chief's father, James B. Aumen, president and veteran member of the local company, declared that figure is the lowest for any 12-month period in the last 45 years in Gettysburg. Last year the local company answered 21 alarms in Gettysburg and 19 calls from rural sections. No estimate is available on the total loss by fire in the rural sections of the county.

## N.Y. BOXING COMMISSION MAY BAN SPORT

By MURRAY ROSE  
Associated Press Sports Writer  
NEW YORK (AP)—The Joint Legislative Committee on Boxing in New York is investigating the sport to determine whether it should be banned in the Empire State.

In the past, the outlawing of boxing in New York, where Madison Square Garden was the mecca of the game, would have had catastrophic effect.

That's no longer true. There's no question that such a move would seriously damage boxing financially and in prestige. The repercussions could be severe.

**BIG MONEY FROM TV**

But it would not kill boxing nor would it prevent boxing from being seen in New York. The reason is television.

Home television or theater-television provides the big money today for the major championship fights.

It's also one of the key reasons why most championship fights are now held out of New York.

Few TV sponsors will stand for a blackout of New York, which provides about 25 per cent of the lush market in the country.

**FEW BIG ONES**

In boxing there aren't too many attractions worthy of closed circuit hookups. The Sonny Liston-Floyd Patterson heavyweight title fight at Chicago last Sept. 25 was a multimillion bonanza. But after that, one-round quickie, how can they sell the proposed return?

But while television has shown its potential to make the big buck and spread the gospel of the game, it also has been mainly responsible for the killing off of most of the small clubs — the spawning grounds of boxers.

As a result the network television shows—once seen on five nights a week—rubbed out one small club after another. Now network boxing is down to one program a week—Saturday night—but the damage has been done.

**FRIDAY NIGHTS AGAIN**

Some of these small clubs may have died off anyway because of general television, the rise of other professional sports, the military draft, and better times.

In an effort to build up boxing again, Madison Square Garden, which has the contract for the Saturday night programs (In September it will be back on Friday nights, as it used to be), is plying some of its television money back into small clubs.

For the last two years, the Garden boxing department, headed by Harry Markson, has been subsidizing small clubs at a cost of about \$100,000 a year.

## MINN. RECOUNT IS UNFINISHED

ST. PAUL, Minn. (AP)—Gov. Elmer L. Andersen was giving the traditional chief executive's advice to the Minnesota Legislature today, but against an ironic backdrop.

He was bypassed when oaths of office were administered to other state officials at opening ceremonies Tuesday, and he doesn't know yet if he'll be around to sign the bills the legislature passes.

The Republican governor is awaiting results of a recount to determine whether he or Democrat Karl Rolvaag, former lieutenant governor, was elected by Minnesota voters Nov. 6.

The court-supervised recount, currently beset with 95,980 contested ballots, may not be completed for several weeks.

Anderson continues in office under Minnesota law until his successor—himself or Rolvaag—is duly elected and certified.

## Study Community Problems 10 Weeks

Fourteen residents of the Upper Adams County have enrolled in a 10-week study and discussion course sponsored by Pennsylvania State University as part of the Continuing Education program. The local course, which begins next Monday evening in the Bendersville Bank building, is under the leadership of Dr. Vernard Group, Gardner.

The course is concerned with community problems and will permit the group to study the needs of the area for the purpose of improvement through better understanding.

## Bendersville PTA Will Buy Piano

At a meeting of the Bendersville PTA Monday evening in the school, members authorized the purchase of a piano for use in the elementary school auditorium and two athletic mats for the gym program.

Preliminary plans for the annual ham dinner sponsored by the organization were discussed and March 16 was announced as the date for the affair, President Gerald Walmer said.

It's usually wise to cool cookie and cake pans before washing them in soapy water.

## NEW RULE CUTS GRID INJURIES

LOS ANGELES (AP)—Why should more injuries occur in the third quarter of college football games than in any of the other three periods?

The National Collegiate Athletic Association started looking for the answer after 1958 statistics showed three times as many players were injured in the third period as in the first and nearly twice as many were hurt in the third period as in the fourth.

The NCAA's committee on sports injuries and safety thought the reason might be that players were getting "cold" between halves and weren't warming up sufficiently before starting the third period.

So mandatory two-minute half-time warmups were instituted by many teams. And in 1962, the committee reported Tuesday, third-period injuries were down 8 per cent from 1958.

## FOSS DENIES NFL RUMORS ON BETTING

By MIKE RATHET  
Associated Press Sports Writer  
Commissioner Joe Foss of the American Football League, taking the stage only hours after his National League counterpart stepped down, denied today the rumors linking his league with the increasing talk of a betting scandal.

Foss, in Los Angeles, told The Associated Press: "No governmental investigatory agency, at either the federal or state level, has been in contact with the AFL office."

Foss also said that no information had come to the AFL which would cause him to order lie detector tests, a power he has under league rules.

**AFL LINKED TOO**

"I'm not so naïve, however," said Foss, "to think that in any league of this kind, with so many players, that there may not be a few boys who would have some contact or association with people who might be considered tainted."

"All you have to do," continued Foss, "is bump into the wrong kind of person on the street, let someone stretch a point, and they will say you're associating with him. We're always on the lookout in such a matter, but there's been no contact by government bodies and as far as the league knows there's no cause for any contact."

Foss stepped into the situation that first flared Friday and since has produced little fire but much smoke after newspaper reports linked the AFL with the same rumors of betting coups and point-shaving that originally hit the NFL.

**NO CHANGES MADE**

NFL Commissioner Pete Rozelle, emphasizing that no investigation in his league "stemmed from federal agencies," said Tuesday that league investigations being conducted in Chicago and Detroit have uncovered "nothing more than questionable associations."

Names that have been injected into the report, include halfback Paul Hornung of the champion Green Bay Packers, tackle Alex Karras and linebacker Wayne Walker of the Detroit Lions and Chicago Bears' fullback Rick Casares.

There have been no charges made against any NFL player and the league has continually maintained that its investigations, routinely conducted as in past years, have turned up nothing of a criminal nature.

Rozelle said it has been NFL policy to check down even the flimsiest rumor.

## AIDES PROMISE FLOW OF NEWS

HARRISBURG (AP)—Two top aides to Gov.-elect William W. Scranton promised Tuesday night that an open door policy on news and public information would be continued under the new administration.

William Murphy, secretary-designate to the governor-elect, said Scranton would honor the policy of making public information readily available to news media.

And William Kiesling, an assistant to Scranton, said the new governor would continue the practice of weekly news conferences as did outgoing Gov. Lawrence.

Murphy and Kiesling filled in for Scranton at a meeting of the central Pennsylvania Chapter of Sigma Delta Chi, professional journalism fraternity.

Scranton was scheduled to speak, but couldn't make it because of airplane difficulties in Washington.

## AT FARM SHOW

Approximately 100 vocational agricultural students at Biglerville High School are attending the Farm Show in Harrisburg today to observe FFA and FHA programs and exhibits at the Show.

They left by bus at 8:30 this morning with their teachers, Mrs. Donald Sheely, home economics teacher, and John White and Cecil Snyder, vocational agriculture teachers.

## EWBANK FIRED BY COLTS; DON SHULA NAMED

BALTIMORE (AP)—The Baltimore Colts have fired Weeb Ewbank as head coach. Replacing him is Don Shula, defensive backfield coach of the Detroit Lions.

Carroll Rosenbloom, owner of the National Football League club, announced the change Tuesday, calling it "probably the most difficult task I've ever faced."

Ewbank's dismissal confirmed weeks of speculation that he would lose his job. He coached the Colts to NFL championships in 1958 and 1959. Since then Baltimore has been just another team in the Western Division.

**2-YEAR CONTRACT**  
Shula, 33, accepted a two-year contract for 1963-64 in his first head coaching position. Salary was not disclosed.

Rosenbloom said Ewbank, 55, was offered another job with the Colts. The club owner denied reports that it was the general manager's position now held by Don Kellett.

"They offered me another job in the organization, but I've had no chance to think it over," said Ewbank.

**WINNING RECORD**

Ewbank's over-all record in nine seasons with the Colts is 59-52-1. In 1960, the year after the two NFL titles, Baltimore slumped to a 6-6 record. It was 8-6 in 1961 and 7-7 last season.

The 1962 defeats included a 57-0 drubbing by the Chicago Bears, the worst defeat in Baltimore's professional football history.

## Warriors Defeated 47-39 By Camp Hill For Initial Loss After Six Triumphs

An aggressive, hustling Camp Hill High School basketball team knocked the Gettysburg High cagers out of the unbeaten class and also out of first place in the Blue Mountain League by whacking the Warriors here Tuesday evening 47-39.

The loss was the first after six wins for the Warriors and the win was the fifth straight for the Lions, defending league champions. Only the heroic efforts of Johnny Longenecker kept the Warriors in contention in the sluggish play of the first half which wound up in an 11-11 stalemate. Neither team could muster an attack and appeared to be anything but title contenders. Longenecker landed seven of the Warriors' points.

### LIONS PULL AWAY

A foul by Bob Trace and a pair of goals by Dave Morrison in the first minute of play in the third period put the Lions in front 16-11 and they were never headed thereafter. Camp Hill moved the ball with speed and constantly outgassed the Warriors under the boards to pull steadily away, mounting a 29-19 advantage going into the final frame.

The Warriors began an all-court press late in the third period which brought on the usual number of personal fouls and the Lions dropped nine of 12 charity tosses in the last frame to easily maintain a comfortable margin.

Longenecker wound up with 14 points to be high man for Gettysburg. Bob Deitz and Dick Finkboner came through with 13 and seven, most in the last period when the cause was lost.

Morrison led the well-balanced Camp Hill attack with 17 tallies, while Dave Taddeo and Steven Hopper each netted 10.

### JAYVEES BEATEN

The Warrior jayvees, leading 16-12 going into the last period, bogged down completely in the final round to drop the preliminary 22-18. John Eyer's goal was the only score for Coach Earl Little's team in the last seven minutes of play.

Gettysburg now faces a "must" game at Newville Friday night against Big Spring if it is to remain in contention for first place honors. Big Spring took over sole possession of first place with a 6-0 mark by downing Bigville 44-33 Tuesday evening.

## G-BURG SWIM SQUADS LOSE TO DELAWARE

The University of Delaware came from behind strong in three distance races and went on to defeat the Gettysburg swimming team 59-36 Tuesday night in the Student Union building pool before a large crowd.

The Blue Hens sent Lenard Bird, Calvin Horn and Kelsey Brown into the 100-yard freestyle, 200 backstroke and 500 freestyle, respectively, against a comparatively strong trio of Bullets. The three Hens came from behind on the last lap of each event to tuck away the victory. The Gettysburg swimmers lowered the school mark in the 400 medley relay, the 100 and 500 freestyles and 400 freestyle relay but unfortunately placed either second or third in each event.

Curt Coull's Bullets copped three first places during the 11-event meet. Rudy Socey splashed home in the 50 freestyle while Scott Ashman took a first in the diving, and Bill Lohrenz won the 200 breaststroke.

Bob Nix turned in a fine performance for the Gettysburg Freshmen, but to no avail as the Little Bullets dropped the preliminary meet to Delaware 57-36. Nix broke the school and pool record in the 200 freestyle and came back later to take his second first in the 100 freestyle.

Both Gettysburg teams will travel to Lewisburg on Saturday to meet a pair of strong Bucknell University teams.

### Baylor And West Snap Hawk Streak

By THE ASSOCIATED PRESS  
Elgin Baylor and Jerry West, a deadly duo, have scored another knockout punch to snap St. Louis' 13-game home court winning streak as the Los Angeles Lakers increased their lead in the Western Division of the National Basketball Association.

West revived the Lakers in their game with the Hawks Tuesday night and Baylor put over the crusher with two baskets in the final 16 seconds for a 99-96 victory.

In other games, Bob Cousy's six points in the last 3 minutes enabled the Boston Celtics to defeat the San Francisco Warriors 118-112. Hal Greer paced Syracuse to a 119-116 conquest of Cincinnati and the Detroit Pistons walloped the New York Knicks 109-93.

The negotiations officially ended Monday with a joint U.S.-Soviet report to the United Nations saying the two sides were unable to resolve all the problems over Cuba, but voicing hope for future "adjustment of other difficulties."

DETROIT (AP)—While admitting he knew "about half" of the six gamblers mentioned in a Detroit police report linking pro football players with known gamblers, Detroit Lions linebacker Wayne Walker insisted Tuesday night, "I have nothing to hide."

Walker volunteered to take a lie detector test if anyone doubts his honesty. "They can wire me up and ask me any questions they want," Walker said. "I'm ready any time they are."

The New Oxford High School dribblers suffered their first defeat after six triumphs when they bowed at Greencastle 68-55 Tuesday evening.

Although outscored in each period, the Colonials gave the Blue Devils a stiff argument all the way but succumbed to the more aggressive play of Greencastle. John Harner and Mike Hull looped 24 and 11 points for New Oxford.

The Blue Devils were paced by Seachrist and Stotler with 20 and 18.

Littlestown registered its initial triumph of the campaign after five losses by trouncing Fairfield 51-31 on the Thunderbolts' court. Jack Bream's outfit grabbed a 12-5 lead in the opening period and at half time held a comfortable 27-11 margin.

Ten Littlestown players scored with top honors going to Terry Arbogast with 12 and Eddie Koonitz with 10. Cal Bream and Tom Reinhold connected for eight and seven for the losers. The Bolts hit on 23 of 43 shots from the floor while Fairfield hit on but 12 of 58. Littlestown also held the edge on rebounding 42-27.

Bermudian Springs fell behind 11-9 in the opening stanza and never caught up as it bowed to James Buchanan 66-51 at Mercersburg for its sixth reverse in seven outings. Heckman of Buchanan was the top point man of the evening with 19 points. Don Shellehamer and Joe Wolf netted 15 and 13 for the Eagles. Bermudian converted 17 of 31 free throws while Buchanan made good on 18 or 32.

Both the National Collegiate Athletic Association and Amateur Athletic Union went on record Tuesday as ready to begin deliberations under Gen. Douglas MacArthur, appointed by President Kennedy to referee the dispute that has threatened to ruin the U.S. squad for the Olympic games next year.

The next step was expected from the attorney general's office in Washington, where a spokesman said a meeting tentatively was scheduled today to set a date for the start of arbitration procedure between the NCAA-supported U.S. Track and Field Federation and the AAU.

Both sides, if nothing else, were apparently agreed that the first hurdle—consent to the President's call for binding arbitration under the famous Army general—had been negotiated.

The break in the 2½-year squabble over the administration of amateur sports in the U.S. developed Tuesday when college leaders announced at their annual convention here—after a cloak-and-dagger exchange of telegrams with the President—their willingness to proceed with arbitration as members of the federation, and AAU officials conceded in New York that such an arrangement was agreeable to them.

The AAU had refused to recognize the federation as anything but a "puppet" organization of the NCAA.

## BRAVES LOSE DOUBLEHEADER AT CARLISLE

Gettysburg Junior High got off to an unsuccessful start in opening its basketball season Tuesday afternoon when it bowed to unbeaten Carlisle 62-43 on the latter's floor. It was the third straight for the veteran Cumberland County outfit.

Carlisle ripped out a 19-10 lead in the first period on the strength of Frank Petre's 10 points and went on to win handily via its speed and all-around fine play. At half time the score was 29-15.

Dennis Herring of the Braves took the top scoring honors for the game with 24 points while Petre wound up with 23 for the victors.

In the preliminary the Braves reserves trailed throughout to lose a 41-23 verdict. Jim Allison netted six tallies to be high man for Gettysburg while John Hill connected for 14 for Carlisle, now 3-0.

## MOSCOW HAS BAD CASE OF OVERCROWDING

By GEORGE SYVERTSEN

MOSCOW (AP)—Moscow, some times called "the beautiful lady" by its natives, is suffering from a bad case of urban overcrowding.

The problems include chronic shortages of housing, office space, stores and public services, as well as a shortage of municipal transportation.

The Soviet regime is making an effort to solve the major problem—the housing shortage.

### DENIED OFFICIALLY

The city fathers have allocated 455 million rubles for housing construction in their 1963 budget. This is about half the total budget. (Soviet authorities set the value of the ruble at \$1.11 but there is no free exchange on it).

Soviet propaganda chiefs deny vigorously that the impressive housing construction rate in Moscow is a special effort to put up a showplace front. However, the city of Moscow, with probably 6½ million residents, represents less than 3 per cent of Soviet population. The capital is getting about 9 per cent of total national appropriations for housing construction.

Moscow officials say 400,000 Muscovites got new living quarters last year. But Moscow has grown at a rate of 400,000 a year for the past three years. It would appear officials are managing just to keep roofs over the heads of the population without substantially improving the lot of the vast majority.

### BATHROOM SIZE

The officially prescribed sanita living space form here is 9 square meters—96 square feet—per person. This is about the size of many American bathrooms.

In practice this means that three, four, sometimes a half dozen people are crowded into one room. Young people frequently cannot marry for lack of a place to live.

Office space in this administrative nerve center of the Soviet Union has been a perennial problem. A few institutions, such as the Foreign Ministry and Council of Ministers, have skyscraper quarters.

### TRAFFIC PROBLEM, TOO

Municipal authorities have made sporadic efforts to increase retail trade outlets and other service points, but still have a long way to go to streamline stores and markets. It is not unusual to spend 15 minutes buying a pound of butter.

In recent years, auto traffic has become a problem on major thoroughfares. The administration has taken a few measures such as closing some streets to trucks, and introducing one-way arteries.

To drain off cross-city traffic the government built a highway around Moscow, called the Ring Road. Many trucks use the road but it appears to have made little difference on the slow-moving stream of traffic in Moscow.

Despite these problems, many Russians dream of living in Moscow, a so-called closed city since 1931. Those who do have permission to live here wouldn't think of leaving it to live in the backwoods, as they call the provinces.

PHILADELPHIA (AP)—Col. Thomas R. White, Jr., named adjutant general in the incoming administration, has expressed concern on the effects proposed a reorganization of the National Guard will have on National Guard air defense units in eastern Pennsylvania.

White said Sunday he has not yet studied details of agreement reached over the weekend between Defense Department spokesman and representatives of the National Governor Conference. He said he hoped a plan proposed by Gov. Lawrence would be accepted.

A pound of walnuts, after shelling, should yield two cups of nutmeats.

## Mongolians Discuss Red Parent Split

TOKYO (AP)—Radio Moscow announced Mongolia's Communists opened a special meeting Tuesday in their capital, Ulan Bator, to discuss ideological problems. These problems are dominated now by the Moscow-Peking split.

The Soviet Union sent a delegation.

Mongolia is a Communist-ruled buffer between the Russians and the Chinese. It has mutual aid treaties with both.

## READING MAN DEFENDS BOONE

READING, Pa. (AP)—Ridiculous, snorted Col. Daniel Miller, Daniel Boone was not, as a Kentucky historian claims, "an uncouth, irresponsible hunter who through a freak of fate was elevated to the role of folk hero in his own lifetime."

"There were other pioneers but Daniel Boone was the greatest, bar none," said Miller, retired superintendent of the Daniel Boone Homestead near here. Boone left this area at 16.

Miller, now 75, had a number of questions Monday night for the Kentucky historian, Robert McDowell, all of them calculated to deflate McDowell's case:

If Boone had no talent, why did Judge Henderson of North Carolina employ him to negotiate with the Indians at Muscle Shoals for the purchase—for 1,000 pounds worth of goods—of the territory that now is the state of Kentucky?

### REVIEWS RECORD

Why did Boone serve in the Virginia Legislature?

Why, when Boone died in 1820 in Missouri, did the state legislature declare a holiday and, why, for some days afterwards, did officials wear badges of mourning?

And, why, continued Miller, would poet, Lord Byron, write a seven-verse eulogy of Boone?

"No sir," said Miller, "he would not have been honored all over the country if he had not been one of our great pioneers."

Some popular ideas about Boone are false, Miller added: For example, Boone never wore a coonskin hat—it was a black felt one. And his rifle was not of the long-barreled variety.

Then, Miller brought up his heavy artillery on Kentuckian McDowell: If Boone was such a phony, he asked, why did the governor of Kentucky, Bert T. Combs, just this past summer visit Boone's birthplace and while there express admiration for the Old Pathfinder?

## Miss. Chancellor Replies To Charges By R. Kennedy

By BEN THOMAS

OXFORD, Miss. (AP)—Answering charges by Atty. Gen. Robert F. Kennedy, Chancellor John D. Williams of the University of Mississippi says the school has obeyed all federal orders since its desegregation crisis last fall.

Williams said no complaint had been made by an official representing the Justice Department when he conferred at length with university officials last week.

Kennedy's criticism of university officials came after James H. Meredith said Monday he would withdraw from the university unless the situation changes. Meredith, 29, is the first Negro knowingly admitted to the university.

Meredith, who distributed a

statement at a news conference in his dormitory apartment, didn't say what changes he had in mind. But he told newsmen he felt he had to have a "situation more conducive to learning."

A little later Kennedy issued a statement in Washington in which he called on university officials to take appropriate steps to make it possible for Meredith to continue in school.

For the first month after Meredith's court-ordered enrollment, he was subjected to frequent harassment by students. University officials then cracked down and threatened expulsion of any students guilty of conduct "not conducive to study."

Since then, Meredith has gone

although most students have refused to associate with him. However, when word spread on the campus of his possible withdrawal, a group of about 500 hissed him outside his dormitory.

In his statement, Kennedy said: "Many members of the faculty have made an effort in the highest tradition of their profession to obey the court's orders and assist Mr. Meredith in getting an education, but it is true that a number of officials charged with the administration of the university have not met their responsibilities."

"It is incumbent upon them and state law enforcement officials to make it possible for Mr. Meredith to continue his education without interruption."

Kennedy added that Meredith is "as free to leave the school as he was to enter it."

YOUNG GOP  
GROUP WINS

By WILLIAM F. ARBOGAST  
WASHINGTON (AP)—A formidable group of junior Republicans has blitzed its way into GOP party councils in the House.

In a quickly hatched coup they elected 49-year-old Rep. Gerald R. Ford of Michigan chairman of their party conference at Tuesday's initial 1963 GOP huddle and won themselves eight votes in the 36-member party policy committee.

Emphasizing their claim that their action was not a revolt against the old-line leadership, they then joined in unanimously re-electing Rep. Charles A. Halleck of Indiana as their party floor leader and Rep. John W. Byrnes of Wisconsin as chairman of the policy committee.

Ford unseated Rep. Charles B. Hoeven of Iowa as conference, or caucus, chairman by secret ballot of 86 to 78. Hoeven, 67, had held the post since 1957, when he was elected with Halleck's backing.

## FAILURES OF SCIENCE MARK MONA'S DEBUT

WASHINGTON (AP)—Mona Lisa is a sight to behold, but it must be related with sadness today that her American debut was spoiled by a failure of science.

The loudspeaker system in the marble-halled National Gallery of Art, where President Kennedy introduced her Tuesday night amid hands-across-the-sea felicitations with France, could not cope with the acoustics.

The result was that a gorgeously dressed lady in the front row of VIPs, not 25 feet from Mona, registered a complaint at a crucial moment.

"I cannot," she said, "hear a word."

This was when a linguistic expert was translating remarks in which Andre Malraux, French minister of cultural affairs, was trying to solve the enigma of Mona Lisa's smile.

Anyway, Mona exerts her spell

silently, not through words, and the public has its chance today to fall under that spell when doors of the National Gallery open to ordinary folk at 10 a.m. In the next four weeks it is expected that perhaps a million people will view the Leonardo da Vinci masterpiece, on loan from the Paris Louvre. The painting will then be taken to New York for a special exhibition at the Metropolitan Museum of Art.

### MANY FAILURES

Da Vinci, a man of science as well as an artist, might have been able to do something about the technical defects Tuesday night, but nobody on the scene could.

First failure came when President and Mrs. Kennedy arrived at the gallery after eating dinner at the French ambassador's. The elevator failed to work. Mrs. Kennedy had to hitch up her long pink chiffon dress, a strapless number embroidered with pearls and brilliants, and hike up the broad marble stairs.

So also did Mme. Malraux, looking like a Renaissance picture in a black velvet dress with a rope of pearls looping down to her waist.

For the benefit of the 1,500 distinguished listeners, including members of Congress, who could not hear a word: M. Malraux has a theory that Leonardo tried to improve on pagan antiquity by endowing his painting with "sight, soul, spirituality."

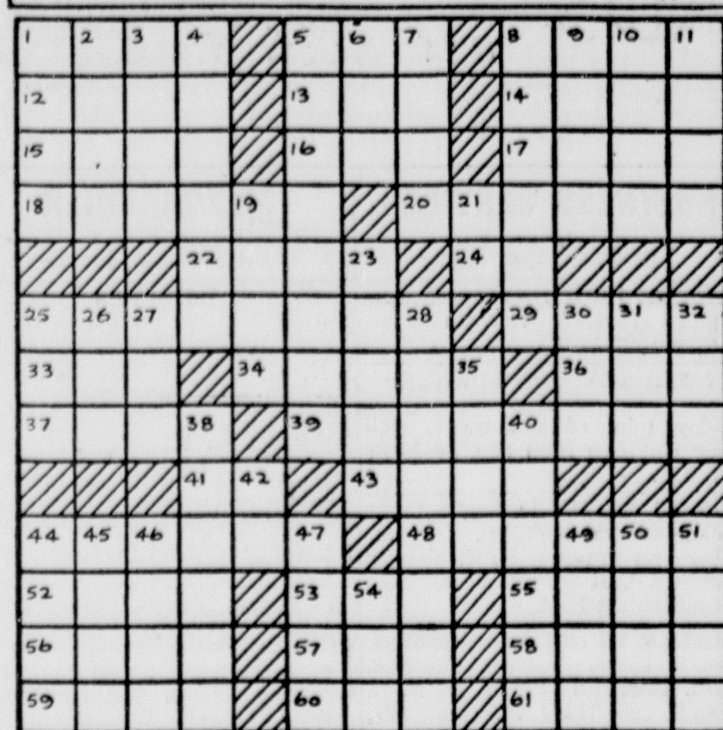

### FULL VENUS DATA

WASHINGTON (AP)—Full reports of Mariner 2's close-up look at the planet Venus will not be ready until sometime in February, a spokesman for the National Aeronautics and Space Administration said Tuesday.

Scientists and technicians, analyzing data from Mariner's Dec. 14 fly-by of the planet, had hoped to have the information available this month. Some of the data is taking longer than expected, a spokesman said.

## MANY SUCCESS STORIES FROM FARM SHOW

HARRISBURG (AP)—The State Farm Show is replete with success stories and one of the most noteworthy of the 1963 exposition is the triumphs of 17-year-old R. Edwin Harnish of Christiana R. 1, Lancaster County.

Harnish, a senior at Solanco Area High School at Quarryville, won three blue ribbons in the Ayrshire dairy cattle judging and was awarded a purebred Ayrshire calf for his outstanding work in the breed. It was regarded an unprecedented sweep in the division.

He showed his 5-year-old cow, Glenhurst Dixie Pretty, to the 4-H and open class championships and the cow's calf to the Future Farmers of America championship for heifers over 4 months and under 1 year old.

### RUSSETTS ARE BACK

Robert L. Gross of Manchester R. 1, York County, was named the Pennsylvania corn champion for 1963 at a meeting held in connection with the show.

Gross topped the five-acre corn club contest with a yield of 207.5 bushels per acre.

Oldtimers visiting the Farm Show expressed surprise and pleasure upon learning that Russett apples, virtually killed off by disease in recent years, still are still grown in Pennsylvania.

Golden and Roxbury Russett, noted for fine flavor, are among the 80 varieties of Pennsylvania apples exhibited by the Horticultural Department of Pennsylvania State University.

Nursery note: The number of calves born during the show has risen to five. There are also two new lambs.

Earl F. Miller, 17, Shoemakersville R. 1, Berks County, won the grand championship in 4-H milking Shorthorns with a 4-year-old cow. Reserve championship honors went to 10-year-old Daniel Farwell of Neville R. 1, Cumberland County, who showed a 2-year-old heifer.

## Abbottstown

ABBOTTSTOWN — Mr. and Mrs. Donald Roller and family have moved to Hanover.

Mrs. Lloyd Swope was hostess at a meeting of the Refuge Class of St. John's Lutheran Church recently. Mrs. Mary Worley was hostess at the Sunshine Sister class meeting in the church parlor Monday evening.

By 8:10 a.m.—about 3½ hours after the blaze was discovered—the fire was reported under control.

But 20 minutes later, after the building was reopened to office workers, firemen spotted flames again on the 33rd floor and the structure was closed a second time.

No one was reported hurt. At least one television station and one radio station which have transmitting equipment in the building were forced off the air for a time when their engineers joined the evacuees.

The fire ravaged offices on the 64th, 65th and 66th floors.

## FIRE EMPTIES EMPIRE STATE

NEW YORK (AP)—The Empire State Building—the world's tallest—was evacuated before dawn today when a two-alarm fire damaged offices on at least three of its 102 floors.

By 8:10 a.m.—about 3½ hours after the blaze was discovered—the fire was reported under control.

But 20 minutes later, after the building was reopened to office workers, firemen spotted flames again on the 33rd floor and the structure was closed a second time.
